SECTION A

DEAR COLLEAGUE LETTER

Dear Colleague,

The Secretary invites applications for new awards for fiscal year (FY) 2016 under the American Indian Vocational Rehabilitation Services program (CFDA 84.250L). This program is authorized by Section 121 of the Rehabilitation Act of 1973, as amended (the Act), and implemented by the subsequent program regulation at 34 C.F.R. § 371. All awards made under this authority are contingent on available funds as allocated by Congress.

The purpose of this program is to provide vocational rehabilitation (VR) services, including culturally appropriate services, to American Indians who are individuals with disabilities residing on or near federal or state reservations, consistent with such eligible individuals' strengths, resources, priorities, concerns, abilities, capabilities, interests, and informed choice, so that such individuals may prepare for, and engage in, high quality employment that will increase opportunities for economic self-sufficiency.

This application package contains the information and the required forms necessary for applying and competing in the FY 2016 discretionary grant competition. Applicants are advised to read all materials carefully, especially the Federal Register Notice (See Section B), which is the official competition announcement. **Applicants are advised to not wait until the last day to submit an application due to the possibility of technical difficulties or other issues.**

If an applicant procures the service of an outside consultant for the preparation of the application, the applicant must involve the current American Indian Vocational Rehabilitation Services project staff, if applicable, and representation of the Tribal Council, if applicable, in preparing the application to ensure the proposed goals and objectives are realistic and accurately reflects the needs of the reservation. If a consultant is hired from outside of the tribe, the resume of the individual must be included as an attachment to the application.

Please note the following:

- Applications submitted for grant competitions funded by the U.S. Department of Education will use the Application for Federal Assistance SF 424 form. The SF 424 form is included in this application package.
- Application Submission: Please note all applications for grants under this competition ***must*** be submitted electronically using Grants.gov. The requirements are briefly described after this letter and include helpful tips about submitting an application electronically using the Grants.gov Apply site. Complete instructions are included in the Federal Register Notice under **Other Submission Requirements** (See Section B). When using the electronic grants process, **it is imperative that you do not wait until the last minute** to submit your grant application. Please note that you must follow the Application Procedures as described in the Federal Register notice announcing this grant competition. Information (including dates and times) about how to submit your application electronically can also be found in Section A of this application package, **Please Read First** that immediately follows this letter.
- Data Universal Numbering System (DUNS), Taxpayer Identification Number (TIN), and

System for Awards Management (SAM): To do business with the Department of Education, you must have a DUNS number and a TIN number, as well as be registered in SAM. The complete instructions are included in the Federal Register Notice under IV. **Application and Submission Information** (See Section B) and in this application package.

- Eligible Applicants: The program regulations at 34 CFR § 371.2 provide that “Applications may be made only by the governing bodies of Indian Tribes (or consortia of those governing bodies) located on Federal or State reservations.” An Indian tribe is defined in Section 7(19)(B) of the Act, “The term “Indian Tribe” means any Federal or State Indian tribe, band, rancheria, pueblo, colony, or community, including any Alaska native village or regional village corporation (as defined in or established pursuant to the Alaska Native Claims Settlement Act).” The term “consortium” is defined in 34 CFR § 371.4 to mean two or more eligible governing bodies of Indian tribes that apply for an award under this program by either: (1) designating one governing body to apply for the grant; or (2) establishing and designating a separate legal entity to apply for a grant (See Eligible Applicant attachment in Section G). Section 121 of the Rehabilitation Act of 1973, as amended (the Rehabilitation Act) provides that grants may only be provided to “the governing bodies of Indian tribes located on Federal and State reservations (and consortia of such governing bodies).” The governing bodies of the Indian tribes must have control over any separate legal entity they establish to apply for the grant. Therefore, a separate legal entity that applies on behalf of a consortium of tribes under the American Indian Vocational Rehabilitation Services program must be controlled by the tribes.

Applicants must submit documentation demonstrating that it is located on a reservation. “Reservation” means a Federal or State Indian reservation; public domain Indian allotment; former Indian reservation in Oklahoma; land held by incorporated Native groups, regional corporations, and village corporations under the provisions of the Alaska Native Claims Settlement Act; or a defined area of land recognized by a State or the Federal Government where there is a concentration of tribal members and on which the tribal government is providing structured activities and services.

If a separate legal entity submits an application, please include a signed resolution from each Tribe that is a member of the consortia that designates the separate legal entity to apply for the grant on their behalf. If there is not enough time to include a signed resolution from each Tribe, if successfully funded, the Grant Award Notification will be placed on hold until such time RSA receives the resolutions.

- Section 21 Requirement: Applicants are reminded that the Act requires all new applicants to describe how the needs of individuals with disabilities from minority backgrounds will be addressed. Applicants must also provide assurance that individuals provided services are advised of the availability and purposes of the State’s Client Assistance Program, including contact information for seeking assistance from that program.

- Performance Measures: Under the Government Performance and Results Act of 1993 (GPRA), the Department has established three performance measures for the American Indian Vocational Rehabilitation Services program. The measures are:

The percentage of individuals who leave the program with an employment outcome after receiving services under an individualized plan for employment; The percentage of projects that demonstrate an average annual cost per employment outcome of no more than \$35,000; and The percentage of projects that demonstrate an average annual cost per participant of no more than \$10,000.

However, the Department is considering revising these measures in order to assess the program's performance in areas that are aligned with the primary indicators of performance under section 116 of the Workforce Innovation and Opportunity Act, where appropriate.

Each grantee must annually report the data needed to measure its performance on the GPRA measures through the Annual Progress Reporting Form (APR Form) for the American Indian Vocational Rehabilitation Services program, including data needed to report on revised measures once they are implemented.

- Abstract: Applications must include a one page abstract. The abstract is a critical component of the application and should highlight the following: 1) The purpose of the project; 2) The proposed number of individuals who will receive services under an Individualized Plan for Employment (IPE) for each budget period; 3) The proposed number of individuals who will obtain employment outcomes for each of the budget periods of the project; 4) The planned goals and objectives; 5) Any innovative strategies proposed; 6) The project's anticipated outcomes; and 7) The projected impacts. Additionally, please include at the top of the Abstract the Tribe's name, the City and State of the Tribe, and the Congressional District the Tribe is located in.
- Selection Criteria: The program narrative **must address each selection criteria** as described in Section C of the grant application package. Failure to do so will put your application at a significant disadvantage. To facilitate the peer review process, **the narrative should address the selection criteria in the order that the criteria are listed**. An explanation of the selection criteria is provided to describe the type of information you may wish to include. Please be certain to carefully review this material and call for technical assistance if needed.
- Special Requirements: In addition to the selection criteria, applicants **must** address the Special Application requirements at 34 C.F.R. § 371.21(a)-(j) **in a separate section of the application** titled "Special Application Requirements." An explanation of the special requirements is described in Section D of the grant application package. Please be certain to carefully review this material and call for technical assistance if needed.
- Budget Forms: All applicants for multi-year projects are required to provide detailed budget information for **each year** of the total grant period requested (up to 60 months).

The ED Form 524, Section I, requires a Budget Narrative for each year of the total grant period requested (up to 60 months). The Department will address funding level requests of successful applicants for each year of the grant award and make appropriate funding recommendations in accordance to the availability of funds.

- Match: The Federal share is 90 percent of the total cost of the project. Enter the Federal share of the project in Section A of the Budget Summary ED Form 524. The mandatory non-Federal share (Match) is 10 percent of **the total cost of the project** and contributions may be provided in cash or in-kind. Match is calculated by dividing the requested Federal share by 9 and the result equals the required match. Enter the match on Section B of the Budget Summary ED Form 524 and provide a budget narrative to describe the match.
- Bonus Points: Previously funded Tribes are entitled to receive 5 bonus points. To receive the points, the applicant must indicate that the governing body of the Tribe or the consortia of governing bodies had previously received an award under this program and must provide the dates the Tribe was previously awarded. Indicate the dates in the appendices of the grant application and list it in the Table of Contents so it is easily located.
- Appendix Section: You may include an appendix section, only in .PDF format, to your application that includes, but is not limited to, the following types of documents: Tribal resolutions, assurances, certifications, one-page resumes, position descriptions, letters of support, etc. If applicable, in the narrative proposal selection criteria please provide a reference for the location of these documents.

Program Rules and Regulations

The program regulations that apply to this competition can be found in 34 C.F.R. § 371. These awards are also subject to: (a) the Education Department General Administrative Regulations (EDGAR) in 34 CFR parts 75, 77, 81, 82, and 84; (b) the Education Department debarment and suspension regulations in 2 CFR 3485; and (c) 2 CFR part 200 Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards as adopted at 2 CFR 3474.

IMPORTANT – PLEASE READ FIRST

U.S. Department of Education Grants.gov Submission Procedures and Tips for Applicants

To facilitate your use of Grants.gov, this document includes important submission procedures you need to be aware of to ensure your application is received in a timely manner and accepted by the Department of Education.

ATTENTION – Adobe Forms and PDF Files Required

Applications submitted to Grants.gov for the Department of Education will be posted using Adobe forms. Therefore, applicants will need to download the latest version of Adobe reader (at least Adobe Reader 10.1.14). Information on computer and operating system compatibility with Adobe and links to download the latest version is available on Grants.gov at this link:

<http://www.grants.gov/web/grants/support/technical-support/software/adobe-reader-compatibility.html>. We strongly recommend that you review these details on www.Grants.gov before completing and submitting your application. In addition, applicants should submit their application a day or two in advance of the closing date as detailed below. Also, applicants are required to upload their attachments in .pdf format only. (See details below under “Attaching Files – Additional Tips.”) If you have any questions regarding this matter please email the Grants.gov Contact Center at support@grants.gov or call 1-800-518-4726.

- 1) REGISTER EARLY – **Grants.gov registration involves many steps including registration on SAM (www.sam.gov) which may take approximately one week to complete, but could take upwards of several weeks to complete, depending upon the completeness and accuracy of the data entered into the SAM database by an applicant. You may begin working on your application while completing the registration process, but you cannot submit an application until all of the Registration steps are complete. Please note that once your SAM registration is active, it will take 24-48 hours for the information to be available in Grants.gov, and before you can submit an application through Grants.gov.** For detailed information on the Registration Steps, please go to: <http://www.grants.gov/web/grants/register.html> [Note: Your organization will need to update its SAM registration annually (formerly Central Contractor Registry (CCR)*).]

Primary information about SAM is available at www.sam.gov. However, to further assist you with obtaining and registering your DUNS number and TIN in SAM or updating your existing SAM account, the Department of Education has prepared a SAM.gov Tip Sheet which you can find at: <http://www2.ed.gov/fund/grant/apply/sam-faqs.html>

- 2) SUBMIT EARLY – We strongly recommend that you do not wait until the last day to submit your application. Grants.gov will put a date/time stamp on your application and then process it after it is fully uploaded. The time it takes to upload an application will

vary depending on a number of factors including the size of the application and the speed of your Internet connection, and the time it takes Grants.gov to process the application will vary as well. If Grants.gov rejects your application (see step three below), you will need to resubmit successfully before 4:30:00 p.m. Washington, DC time on the deadline date.

Note: To submit successfully, you must provide the DUNS number on your application that was used when you registered as an Authorized Organization Representative (AOR) on Grants.gov. This DUNS number is typically the same number used when your organization registered with the CCR (Central Contractor Registry). If you do not enter the same DUNS number on your application as the DUNS you registered with, Grants.gov will reject your application.

- 3) **VERIFY SUBMISSION IS OK** – You will want to verify that Grants.gov and the Department of Education receive your Grants.gov submission timely and that it was validated successfully. To see the date/time your application was received, login to Grants.gov and click on the Track My Application link. For a successful submission, the date/time received should be earlier than 4:30:00 p.m. Washington, DC time, on the deadline date, AND the application status should be: Validated, Received by Agency, or Agency Tracking Number Assigned. Once the Department of Education receives your application from Grants.gov, an Agency Tracking Number (PR/award number) will be assigned to your application and will be available for viewing on Grants.gov's Track My Application link.

If the date/time received is later than 4:30:00 p.m. Washington, D.C. time, on the deadline date, your application is late. If your application has a status of "Received" it is still awaiting validation by Grants.gov. Once validation is complete, the status will either change to "Validated" or "Rejected with Errors." If the status is "Rejected with Errors," your application has not been received successfully. Some of the reasons Grants.gov may reject an application can be found on the Grants.gov site: <http://www.grants.gov/web/grants/applicants/applicant-faqs/tracking-an-application.html>. For more detailed information on troubleshooting Adobe errors, you can review the Adobe Reader Error Messages document at <http://www.grants.gov/web/grants/support/troubleshooting/encountering-error-message.html>. If you discover your application is late or has been rejected, please see the instructions below. Note: You will receive a series of confirmations both online and via e-mail about the status of your application. Please do not rely solely on e-mail to confirm whether your application has been received timely and validated successfully.

Submission Problems – What should you do?

If you have problems submitting to Grants.gov before the closing date, please contact Grants.gov Customer Support at 1-800-518-4726 or <http://www.grants.gov/web/grants/about/contact-us.html>, or access the Grants.gov Self-Service web portal at: <http://grants-porta.psc.gov/Welcome.aspx?pt=Grants>

If electronic submission is required, you must submit an electronic application before 4:30:00 p.m., unless you follow the procedures in the Federal Register notice and qualify for one of the exceptions to the electronic submission requirement and submit, no later than two weeks before the application deadline date, a written statement to the Department that you qualify for one of these exceptions. (See the Federal Register notice for detailed instructions.)

Helpful Hints When Working with Grants.gov

Please note, once you download an application from Grants.gov, you will be working offline and saving data on your computer. Please be sure to note where you are saving the Grants.gov file on your computer. You will need to logon to Grants.gov to upload and submit the application. You must provide the DUNS number on your application that was used when you registered as an Authorized Organization Representative (AOR) on Grants.gov.

Please go to <http://www.grants.gov/web/grants/about/contact-us.html> for help with Grants.gov. For additional tips related to submitting grant applications, please refer to the Grants.gov Submit Application FAQs found on the Grants.gov <http://www.grants.gov/web/grants/applicants/applicant-resources.html>.

Dial-Up Internet Connections

When using a dial up connection to upload and submit your application, it can take significantly longer than when you are connected to the Internet with a high-speed connection, e.g. cable modem/DSL/T1. While times will vary depending upon the size of your application, it can take a few minutes to a few hours to complete your grant submission using a dial up connection. If you do not have access to a high-speed connection and electronic submission is required, you may want to consider following the instructions in the Federal Register notice to obtain an exception to the electronic submission requirement no later than two weeks before the application deadline date. (See the Federal Register notice for detailed instructions.)

MAC Users

For MAC compatibility information, review the Operating System Platform Compatibility Table at the following Grants.gov link: <http://www.grants.gov/web/grants/support/technical-support/recommended-software.html>. If electronic submission is required and you are concerned about your ability to submit electronically as a non-windows user, please follow instructions in the Federal Register notice to obtain an exception to the electronic submission requirement no later than two weeks before the application deadline date. (See the Federal Register notice for detailed instructions.)

Attaching Files – Additional Tips

Please note the following tips related to attaching files to your application, especially the requirement that applicants only include read-only, non-modifiable .PDF files in their application:

- Ensure that you attach .PDF files only for any attachments to your application, and they must be in a read-only, non-modifiable format. PDF files are the only Education approved file type accepted as detailed in the Federal Register application notice. Applicants must submit individual .PDF files only when attaching files to their application. Specifically, the Department will not accept any attachments that contain files within a file, such as PDF Portfolio files, or an interactive or fillable .PDF file. Any attachments uploaded that are not .PDF files or are password protected files will not be read. If you need assistance converting your files to a .pdf format, please refer to the following Grants.gov webpage with links to conversion programs under the heading of additional resources: <http://www.grants.gov/web/grants/support/technical-support/software/pdf-conversion-software.html>
- Grants.gov cannot process an application that includes two or more files that have the same name within a grant submission. Therefore, each file uploaded to your application package should have a unique file name.
- When attaching files, applicants should follow the guidelines established by Grants.gov on the size and content of file names. Uploaded files must be less than 50 characters in the file name, contain no spaces, no special characters (example: -, &, *, %, /, #, \) including periods (.), blank spaces and accent marks. Applications submitted that do not comply with the Grants.gov guidelines will be rejected at Grants.gov and not forwarded to the Department.
- Applicants should limit the size of their file attachments. Documents submitted that contain graphics and/or scanned material often greatly increase the size of the file attachments and can result in difficulties opening the files. For reference, the average discretionary grant application package totals 1 to 2 MB. Therefore, you may want to check the total size of your package before submission.

*Please note that the Central Contractor Registry (CCR) was replaced by the System for Award Management (SAM) effective July 30, 2012. For more information on the migration of CCR data to SAM, grant applicants should read this information located on Grants.gov: <http://grants.gov.blogspot.com/2012/07/information-about-pending-migration.html#!/2012/07/information-about-pending-migration.html>

4. Intergovernmental Review: This competition is not subject to Executive Order 12372 and the regulations in 34 CFR part 79.

5. Funding Restrictions: We reference regulations outlining funding restrictions in the Applicable Regulations section of this notice.

6. Data Universal Numbering System Number, Taxpayer Identification Number, and System for Award Management: To do business with the Department of Education, you must--

- a. Have a Data Universal Numbering System (DUNS) number and a Taxpayer Identification Number (TIN);
- b. Register both your DUNS number and TIN with the System for Award Management (SAM) (formerly the Central Contractor Registry), the Government's primary registrant database;
- c. Provide your DUNS number and TIN on your application; and
- d. Maintain an active SAM registration with current information while your application is under review by the Department and, if you are awarded a grant, during the project period.

You can obtain a DUNS number from Dun and Bradstreet at the following Web site: <http://fedgov.dnb.com/webform>. A DUNS number can be created within one to two business days.

If you are a corporate entity, agency, institution, or organization, you can obtain a TIN from the Internal Revenue Service. If you are an individual, you can obtain a TIN from the Internal Revenue Service or the Social Security Administration. If you need a new TIN, please allow two to five weeks for your TIN to become active.

The SAM registration process can take approximately seven business days, but may take upwards of several weeks, depending on the completeness and accuracy of the data you enter into the SAM database. Thus, if you think you might want to apply for Federal financial assistance under a program administered by the Department, please allow sufficient time to obtain and register your DUNS number and TIN. We strongly recommend that you register early.

Note: Once your SAM registration is active, it may be 24 to 48 hours before you can access the information in, and submit an application through, Grants.gov.

If you are currently registered with SAM, you may not need to make any changes. However, please make certain that the TIN associated with your DUNS number is correct. Also note that you

will need to update your registration annually. This may take three or more business days.

Information about SAM is available at www.SAM.gov. To further assist you with obtaining and registering your DUNS number and TIN in SAM or updating your existing SAM account, we have prepared a SAM.gov Tip Sheet, which you can find at: <http://www2.ed.gov/fund/grant/apply/sam-faqs.html>.

In addition, if you are submitting your application via Grants.gov, you must (1) be designated by your organization as an Authorized Organization Representative (AOR); and (2) register yourself with Grants.gov as an AOR. Details on these steps are outlined at the following Grants.gov Web page: www.grants.gov/web/grants/register.html.

7. Other Submission Requirements: Applications for grants under this competition must be submitted electronically unless you qualify for an exception to this requirement in accordance with the instructions in this section.

a. Electronic Submission of Applications.

Applications for grants under the American Indian Vocational Rehabilitation Services program, CFDA number 84.250L, must be submitted electronically using the Governmentwide Grants.gov Apply site at www.Grants.gov. Through this site, you will be able to download a copy of the application package, complete it offline, and then upload and submit your

application. You may not email an electronic copy of a grant application to us.

We will reject your application if you submit it in paper format unless, as described elsewhere in this section, you qualify for one of the exceptions to the electronic submission requirement and submit, no later than two weeks before the application deadline date, a written statement to the Department that you qualify for one of these exceptions. Further information regarding calculation of the date that is two weeks before the application deadline date is provided later in this section under Exception to Electronic Submission Requirement.

You may access the electronic grant application for the American Indian Vocational Rehabilitation Services program at www.Grants.gov. You must search for the downloadable application package for this competition by the CFDA number. Do not include the CFDA number's alpha suffix in your search (e.g., search for 84.250, not 84.250L).

Please note the following:

- When you enter the Grants.gov site, you will find information about submitting an application electronically through the site, as well as the hours of operation.
- Applications received by Grants.gov are date and time stamped. Your application must be fully uploaded and submitted and must be date and time stamped by the Grants.gov system no

later than 4:30:00 p.m., Washington, DC time, on the application deadline date. Except as otherwise noted in this section, we will not accept your application if it is received--that is, date and time stamped by the Grants.gov system--after 4:30:00 p.m., Washington, DC time, on the application deadline date. We do not consider an application that does not comply with the deadline requirements. When we retrieve your application from Grants.gov, we will notify you if we are rejecting your application because it was date and time stamped by the Grants.gov system after 4:30:00 p.m., Washington, DC time, on the application deadline date.

- The amount of time it can take to upload an application will vary depending on a variety of factors, including the size of the application and the speed of your Internet connection. Therefore, we strongly recommend that you do not wait until the application deadline date to begin the submission process through Grants.gov.

- You should review and follow the Education Submission Procedures for submitting an application through Grants.gov that are included in the application package for this competition to ensure that you submit your application in a timely manner to the Grants.gov system. You can also find the Education Submission Procedures pertaining to Grants.gov under News and Events on the Department's G5 system home page at www.G5.gov.

In addition, for specific guidance and procedures for submitting an application through Grants.gov, please refer to the Grants.gov Web site at:

www.grants.gov/web/grants/applicants/apply-for-grants.html.

- You will not receive additional point value because you submit your application in electronic format, nor will we penalize you if you qualify for an exception to the electronic submission requirement, as described elsewhere in this section, and submit your application in paper format.

- You must submit all documents electronically, including all information you typically provide on the following forms: the Application for Federal Assistance (SF 424), the Department of Education Supplemental Information for SF 424, Budget Information--Non-Construction Programs (ED 524), and all necessary assurances and certifications.

- You must upload any narrative sections and all other attachments to your application as files in a read-only, non-modifiable Portable Document Format (PDF). Do not upload an interactive or fillable PDF file. If you upload a file type other than a read-only, non-modifiable PDF (e.g., Word, Excel, WordPerfect, etc.) or submit a password-protected file, we will not review that material. Please note that this could result in your application not being considered for funding because the material in question--for example, the project narrative--is

critical to a meaningful review of your proposal. For that reason, it is important to allow yourself adequate time to upload all material as PDF files. The Department will not convert material from other formats to PDF.

- Your electronic application must comply with any page-limit requirements described in this notice.

- After you electronically submit your application, you will receive from Grants.gov an automatic notification of receipt that contains a Grants.gov tracking number. This notification indicates receipt by Grants.gov only, not receipt by the Department. Grants.gov will also notify you automatically by email if your application met all the Grants.gov validation requirements or if there were any errors (such as submission of your application by someone other than a registered Authorized Organization Representative or inclusion of an attachment with a file name that contains special characters). You will be given an opportunity to correct any errors and resubmit, but you must still meet the deadline for submission of applications.

Once your application is successfully validated by Grants.gov, the Department will retrieve your application from Grants.gov and send you an email with a unique PR/Award number for your application.

These emails do not mean that your application is without any disqualifying errors. While your application may have been successfully validated by Grants.gov, it must also meet the Department's application requirements as specified in this notice and in the application instructions. Disqualifying errors could include, for instance, failure to upload attachments in a read-only, non-modifiable PDF; failure to submit a required part of the application; or failure to meet applicant eligibility requirements. It is your responsibility to ensure that your submitted application has met all of the Department's requirements.

- We may request that you provide us original signatures on forms at a later date.

Application Deadline Date Extension in Case of Technical Issues with the Grants.gov System: If you are experiencing problems submitting your application through Grants.gov, please contact the Grants.gov Support Desk, toll free, at 1-800-518-4726. You must obtain a Grants.gov Support Desk Case Number and must keep a record of it.

If you are prevented from electronically submitting your application on the application deadline date because of technical problems with the Grants.gov system, we will grant you an extension until 4:30:00 p.m., Washington, DC time, the following business day to enable you to transmit your

application electronically or by hand delivery. You also may mail your application by following the mailing instructions described elsewhere in this notice.

If you submit an application after 4:30:00 p.m., Washington, DC time, on the application deadline date, please contact the person listed under For Further Information Contact in section VII of this notice and provide an explanation of the technical problem you experienced with Grants.gov, along with the Grants.gov Support Desk Case Number. We will accept your application if we can confirm that a technical problem occurred with the Grants.gov system and that the problem affected your ability to submit your application by 4:30:00 p.m., Washington, DC time, on the application deadline date. We will contact you after we determine whether your application will be accepted.

Note: The extensions to which we refer in this section apply only to the unavailability of, or technical problems with, the Grants.gov system. We will not grant you an extension if you failed to fully register to submit your application to Grants.gov before the application deadline date and time or if the technical problem you experienced is unrelated to the Grants.gov system.

Exception to Electronic Submission Requirement: You qualify for an exception to the electronic submission requirement, and may submit your application in paper format, if you are unable to

submit an application through the Grants.gov system because--

- You do not have access to the Internet; or
- You do not have the capacity to upload large documents to the Grants.gov system;

and

- No later than two weeks before the application deadline date (14 calendar days or, if the fourteenth calendar day before the application deadline date falls on a Federal holiday, the next business day following the Federal holiday), you mail or fax a written statement to the Department, explaining which of the two grounds for an exception prevents you from using the Internet to submit your application.

If you mail your written statement to the Department, it must be postmarked no later than two weeks before the application deadline date. If you fax your written statement to the Department, we must receive the faxed statement no later than two weeks before the application deadline date.

Address and mail or fax your statement to: August Martin, U.S. Department of Education, 400 Maryland Avenue, SW., room 5049, Potomac Center Plaza, Washington, DC 20202-2800. FAX: (202) 245-7592.

Note: The U.S. Postal Service does not uniformly provide a dated postmark. Before relying on this method, you should check with your local post office.

We will not consider applications postmarked after the application deadline date.

c. Submission of Paper Applications by Hand Delivery.

If you qualify for an exception to the electronic submission requirement, you (or a courier service) may deliver your paper application to the Department by hand. V. Application Review Information

1. Selection Criteria: The selection criteria for this competition are from 34 CFR 75.210 of EDGAR and are listed in the application package.

2. Review and Selection Process: We remind potential applicants that in reviewing applications in any discretionary grant competition, the Secretary may consider, under 34 CFR 75.217(d) (3), the past performance of the applicant in carrying out a previous award, such as the applicant's use of funds, achievement of project objectives, and compliance with grant conditions. The Secretary may also consider whether the applicant failed to submit a timely performance report or submitted a report of unacceptable quality.

In addition, in making a competitive grant award, the Secretary requires various assurances including those applicable to Federal civil rights laws that prohibit discrimination in programs or activities receiving Federal financial assistance

from the Department of Education (34 CFR 100.4, 104.5, 106.4, 108.8, and 110.23).

3. Risk Assessment and Special Conditions: Consistent with 2 CFR 200.205, before awarding grants under this competition, the Department conducts a review of the risks posed by applicants. Under 2 CFR 3474.10, the Secretary may impose special conditions and, in appropriate circumstances, high-risk conditions on a grant if the applicant or grantee is not financially stable; has a history of unsatisfactory performance; has a financial or other management system that does not meet the standards in 2 CFR part 200, subpart D; has not fulfilled the conditions of a prior grant; or is otherwise not responsible.

VI. Award Administration Information

1. Award Notices: If your application is successful, we notify your U.S. Representative and U.S. Senators and send you a Grant Award Notification (GAN), or we may send you an email containing a link to access an electronic version of your GAN. We may notify you informally, also.

If your application is not evaluated or not selected for funding, we notify you.

2. Administrative and National Policy Requirements:
We identify administrative and national policy requirements in the application package and reference these and other

requirements in the Applicable Regulations section of this notice.

We reference the regulations outlining the terms and conditions of an award in the Applicable Regulations section of this notice and include these and other specific conditions in the GAN. The GAN also incorporates your approved application as part of your binding commitments under the grant.

3. Reporting: (a) If you apply for a grant under this competition, you must ensure that you have in place the necessary processes and systems to comply with the reporting requirements in 2 CFR part 170 should you receive funding under the competition. This does not apply if you have an exception under 2 CFR 170.110(b).

(b) At the end of your project period, you must submit a final performance report, including financial information, as directed by the Secretary. If you receive a multiyear award, you must submit an annual performance report that provides the most current performance and financial expenditure information as directed by the Secretary under 34 CFR 75.118. The Secretary may also require more frequent performance reports under 34 CFR 75.720(c). For specific requirements on reporting, please go to www.ed.gov/fund/grant/apply/appforms/appforms.html.

(c) Under 34 CFR 75.250(b), the Secretary may provide a grantee with additional funding for data collection analysis and

reporting. In this case, the Secretary establishes a data collection period.

4. Performance Measures: Under the Government Performance and Results Act of 1993 (GPRA), the Department has established three performance measures for the American Indian Vocational Rehabilitation Services program. The measures are:

(1) The percentage of individuals who leave the program with an employment outcome after receiving services under an individualized plan for employment;

(2) The percentage of projects that demonstrate an average annual cost per employment outcome of no more than \$35,000; and

(3) The percentage of projects that demonstrate an average annual cost per participant of no more than \$10,000.

However, the Department is considering revising these measures in order to assess the program's performance in areas that are aligned with the primary indicators of performance under section 116 of the Workforce Innovation and Opportunity Act, where appropriate.

Each grantee must annually report the data needed to measure its performance on the GPRA measures through the Annual Progress Reporting Form (APR Form) for the American Indian Vocational Rehabilitation Services program, including data needed to report on revised measures once they are implemented.

Note: For purposes of this section, the term "employment outcome" means, with respect to an individual: (a) entering or retaining full-time or, if appropriate, part-time competitive employment in the integrated labor market; (b) satisfying the vocational outcome of supported employment; or (c) satisfying any other vocational outcome the Secretary may determine to be appropriate (including satisfying the vocational outcome of customized employment, self-employment, telecommuting, or business ownership) (Section 7(11) of the Rehabilitation Act of 1973, as amended (29 U.S.C. 705(11))).

5. Continuation Awards: In making a continuation award under 34 CFR 75.253, the Secretary considers, among other things: whether a grantee has made substantial progress in achieving the goals and objectives of the project; whether the grantee has expended funds in a manner that is consistent with its approved application and budget; and, if the Secretary has established performance measurement requirements, the performance targets in the grantee's approved application.

In making a continuation award, the Secretary also considers whether the grantee is operating in compliance with the assurances in its approved application, including those applicable to Federal civil rights laws that prohibit discrimination in programs or activities receiving Federal

financial assistance from the Department (34 CFR 100.4, 104.5, 106.4, 108.8, and 110.23).

(Authority: 20 U.S.C. 1221e-3 and 3474)

Review and Selection Process: We remind potential applicants that in reviewing applications in any discretionary grant competition, the Secretary may consider, under 34 CFR 75.217(d)(3), the past performance of the applicant in carrying out a previous award, such as the applicant's use of funds, achievement of project objectives, and compliance with grant conditions. The Secretary may also consider whether the applicant failed to submit a timely performance report or submitted a report of unacceptable quality. In addition, under 2 CFR 200.207, the Secretary may impose special conditions on a grant if the applicant or grantee is not financially stable; has a history of unsatisfactory performance; has a financial or other management system that does not meet the standards in 2 CFR part 200, Subpart D; has not fulfilled the conditions of a prior grant; or is otherwise not responsible.

EXPLANATION OF SELECTION CRITERIA

Listed below are the criteria (a) through (h) that will be used by peer reviewers to rate and award scores to proposals for the Vocational Rehabilitation Service Projects for American Indians with Disabilities grants. Each review criteria is accompanied by an explanation of terms and other information to assist the applicant in developing the various sections of the proposal. Proposals should address all of the factors listed under each criterion.

IMPORTANT: Recipients of Vocational Rehabilitation Service Projects for American Indians with Disabilities grants provide services to American Indians with disabilities who reside on or near reservations. Applicants should state whether they are planning to provide services to individuals living on the reservation, or to individuals living on or near the reservation. Applicants who choose to provide service to individuals living on or near the reservation should describe the geographic area to be served by the grant.

(a) NEED FOR PROJECT – 5 POINTS. The Secretary considers the need for the proposed project, based on the following factors:

1. The magnitude of the need for the services to be provided or the activities to be carried out by the proposed project.
2. The extent to which specific gaps or weaknesses in services, infrastructure, or opportunities have been identified and will be addressed by the proposed project, including the nature and magnitude of those gaps and weaknesses.

EXPLANATION: Descriptions of need should focus on the purpose for which these projects are funded – to provide vocational rehabilitation (VR) services that will enable American Indians with disabilities to achieve employment outcomes. Barriers to the provision of VR services and achievement of employment outcomes can also be described. In describing gaps in services, applicants may provide information that shows the extent to which VR services are provided by State VR agencies to American Indians with disabilities in the geographic area to be served by the project. In addition to reservations, the geographic area to be served can include areas near the reservation, as described by the applicant.

(b) SIGNIFICANCE – 10 POINTS. The Secretary considers the significance of the proposed project, based on the following factors:

1. The potential contribution of the proposed project to increased knowledge or understanding of rehabilitation problems, issues, or effective strategies.
2. The extent to which the proposed project is likely to build local capacity to provide, improve, or expand services that address the needs of the target population.

EXPLANATION: Describe the extent to which the proposed project will expand or improve the practice of VR for American Indians with disabilities. Describe how proposed services and strategies, including services traditionally used by Indian tribes, will improve employment outcomes for American Indians with disabilities to be served by the project.

(c) QUALITY OF THE PROJECT DESIGN – 15 POINTS. The Secretary considers the quality of the design of the proposed project, based on the following factors:

1. The extent to which the goals, objectives, and outcomes to be achieved by the proposed project are clearly specified and measurable.
2. The extent to which the design of the proposed project is appropriate to, and will successfully address, the needs of the target population or other identified needs.
3. The extent to which the proposed project will integrate with or build on similar or related efforts to improve relevant outcomes (as defined in 34 CFR 77.1(c)), using existing funding streams from other programs or policies supported by community, State, and Federal resources.
4. The extent to which the proposed project encourages consumer involvement.
5. The quality of the methodology to be employed in the proposed project.

EXPLANATION: Describe the overall plan for the project and how the goals, objectives, outcomes, project design, and methodology are directed toward the provision of VR services for the achievement of employment outcomes. The overall project design should be compatible with the assurance statements made in response to the special application requirements at 34 CFR § 371.21(a)-(j). Proposals should identify the measurable results expected to be achieved during each year of the project. In order to meet the needs of the target population, proposals need to describe collaborative arrangements with State vocational rehabilitation agencies (as required at 34 CFR § 371.21(g)) and linkages with other appropriate community, State, and Federal resources. Commitments of other organizations should be clearly documented, preferably in writing, and submitted with the application. Methods of encouraging consumer involvement include providing opportunities for input from American Indians with disabilities residing on or near the reservation (as required at 34 CFR § 371.21(f)), establishment of an advisory committee as described at 34 CFR § 369.45, or other approaches.

(d) QUALITY OF PROJECT SERVICES – 25 POINTS. The Secretary considers the quality of the services to be provided by the proposed project. The application should include information on the following factors:

1. The quality and sufficiency of strategies for ensuring equal access and treatment for eligible project participants who are members of groups that have traditionally been underrepresented based on race, color, national origin, gender, age, or disability.
2. The extent to which the services to be provided by the proposed project are appropriate to the needs of the intended recipients or beneficiaries of those services.
3. The likely impact of the services to be provided by the proposed project on the intended recipients of those services.
4. The extent to which the services to be provided by the proposed project involve the collaboration of appropriate partners for maximizing the effectiveness of project services.

EXPLANATION: Describe how the program will, to the extent feasible, provide VR services that are comparable to those provided by State VR agencies, including providing a broad variety of VR services as described in section 103 of the Act. (See also Special Requirement 34 CFR § 371.21(a)). Proposals may also describe other aspects of service provision, including providing services traditionally used by Indian tribes and providing traditional VR services in a culturally appropriate manner. Proposals should demonstrate that persons with disabilities will be able to access services as required by the Americans with Disabilities Act. Descriptions of the appropriateness and impact of services must relate to the purpose of the program, which is the achievement of employment outcomes by American Indians with disabilities. Proposals may describe other impacts of services to be provided by the project. Proposals should include a description of how collaboration and linkages described under “Quality of project design” contribute to the effectiveness of project services.

(e) QUALITY OF PROJECT PERSONNEL--15 POINTS. The Secretary considers the quality of the personnel who will carry out the proposed project. All of the following factors are considered:

1. The extent to which the applicant encourages applications for employment from persons who are members of groups that have traditionally been underrepresented based on race, color, national origin, gender, age, or disability.
2. The qualifications, including relevant training and experience, of key project personnel.

EXPLANATION: As stated at 34 CFR § 371.43(b), preference in employment must be given to American Indians, with a special priority being given to American Indians with disabilities. Provide a resume for the project director and other key project personnel, such as VR counselors. For each key personnel not identified at the time of application, provide a job description or the qualifications sought for the position. In addition to describing the qualifications of key personnel, the applicant can also propose use of training and other staff development activities to enhance these qualifications. Program regulations at 34 CFR § 371.41(a)(1) allow for expenditures for staff development. Applicants may describe staff development efforts that are funded by the grant or that are provided through collaborative arrangements with any other appropriate resource, including, but not limited to, the State VR agency and the Technical Assistance and Continuing Education Centers.

(f) ADEQUACY OF RESOURCES--10 POINTS. The Secretary considers the adequacy of resources for the proposed project, including the following factors:

1. The adequacy of support, including facilities, equipment, supplies, and other resources, from the applicant organization or the lead applicant organization.
2. The extent to which the costs are reasonable in relation to the objectives, design, and potential significance of the proposed project.
3. The extent to which the costs are reasonable in relation to the number of persons to be served and to the anticipated results and benefits.

EXPLANATION: Describe the facilities that will be used for the project. When describing the adequacy of support for facilities, equipment, etc. the proposal needs to consider how the applicant will meet the requirements for confidentiality of information at 34 CFR § 369.46 and the extent to which facilities and other resources are fully accessible by individuals with disabilities. Identify specific contributions to the project by the applicant and by collaborating organizations, including in-kind contributions, cost sharing, donations, etc. When describing the relationship of costs to objectives, design, significance, and outcomes, the proposal can provide information about any special factors that influence the cost.

(g) QUALITY OF THE MANAGEMENT PLAN--15 POINTS. The Secretary considers the quality of the management plan for the proposed project, including the following factors:

1. The adequacy of the management plan to achieve the objectives of the proposed project on time and within budget, including clearly defined responsibilities, timelines, and milestones for accomplishing project tasks.
2. The extent to which the time commitments of the project director and principal investigator and other key project personnel are appropriate and adequate to meet the objectives of the proposed project.

EXPLANATION: The proposal should describe the process by which the goals and objectives will be met, such as the roles and responsibilities of project staff, and when and how these will be achieved. Major tasks and activities should be broken down into action steps to be completed by specific dates. Applicants can use a timetable, GANT chart, or Pert Chart to graphically present the sequence and relationship of project activities to be included in the proposal.

(h) QUALITY OF THE PROJECT EVALUATION--5 POINTS. The Secretary considers the quality of the evaluation to be conducted of the proposed project. The Secretary looks for information that shows:

1. The extent to which the methods of evaluation are thorough, feasible, and appropriate to the goals, objectives, and outcomes of the proposed project.
2. The extent to which the methods of evaluation include the use of objective performance measures that are clearly related to the intended outcomes of the project and will produce quantitative and qualitative data to the extent possible.
3. The extent to which the methods of evaluation will provide performance feedback and permit periodic assessment of progress toward achieving intended outcomes.

SECTION D

Special Application Requirements

SPECIAL APPLICATION REQUIREMENTS FOR VOCATIONAL REHABILITATION SERVICE PROJECTS FOR AMERICAN INDIANS WITH DISABILITIES

Applicants for the Vocational Rehabilitation Service Projects for American Indians with Disabilities grant must provide assurances that they will meet the special application requirements stated at 34 CFR § 371.21(a)-(j). Each application will be reviewed by the Department of Education to determine whether the applicant has provided the required assurances.

INSTRUCTIONS

Listed below are the special application requirements at 34 CFR § 371.21(a)-(j), explanatory notes, and instructions for the content of the required assurance statements. Provide the assurance statements in a separate section of the application entitled "Special Application Requirements."

371.21(a): Effort will be made to provide a broad scope of vocational rehabilitation services in a manner and at a level of quality at least comparable to those services provided by the designated State unit under 34 CFR § 361.

NOTE: "Vocational rehabilitation services" are defined in section 103 of the Rehabilitation Act Amendments of 1998. (A copy of section 103 is enclosed.) Applicants should plan to provide those vocational rehabilitation (VR) services needed by the individuals identified in the proposal as part of the evidence of need for the project. Applicants are not required to provide every service listed. While efforts should be made to provide services that are comparable to those provided by the State VR agency, services provided by tribal programs are not required to be identical to those provided by a State VR agency.

ASSURANCE STATEMENT: A description of each of the VR services planned by the applicant.

371.21(b): Decisions affecting eligibility for and the nature and scope of vocational rehabilitation services to be provided, and the provision of these services, will be made by the tribal vocational rehabilitation program through its vocational rehabilitation unit and will not be delegated to another agency or individual.

NOTE: Decisions about the eligibility of American Indians with disabilities and the services that eligible individuals receive can be made only by the staff of the VR program. Staff of other tribal agencies and the project's advisory committee, if it has one, is not authorized to make these decisions.

ASSURANCE STATEMENT: An assurance statement that decisions about eligibility, the nature and scope of services, and the provision of services will be made only by the tribal vocational rehabilitation unit and not by any other entity.

371.21(c) and (d): An order of selection of individuals with disabilities to be served under the program will be specified if services cannot be provided to all eligible American Indians with disabilities who apply. Priority in the delivery of vocational rehabilitation services will be given to those American Indians with disabilities who are the most severely disabled.

ASSURANCE STATEMENT: Depending on the applicant's situation, the application must include one of the following:

1. An assurance statement that the applicant expects to have enough resources to be able to serve all eligible American Indians with disabilities who are expected to apply.

OR

2. A description of the order of selection, prioritized on the basis of severity of disability, and giving the highest priority to those who are most severely disabled.

371.21(e): All vocational rehabilitation services will be provided according to an individualized plan of employment which has been developed jointly by the representative of the service providing organization and each American Indian with disabilities being served.

NOTE: "Service providing organization" means the VR program. An individualized plan for employment (IPE) is a written agreement between the VR program unit and the eligible American Indian with a disability. The IPE specifies the individual's employment goal, the VR services that will be provided to address the individual's disability and to achieve a vocational outcome, and how those services will be provided, including the entity providing the services and timelines for the provision of services.

In addition, applicants for grants may choose to incorporate other requirements of section 102(b) of the Act that apply to State VR agencies in the development of an IPE. (A copy of section 102(b) is included in the application kit.)

ASSURANCE STATEMENT: An assurance statement that individualized plans for employment will be jointly developed for all eligible American Indians with disabilities.

371.21(f): American Indians with disabilities living on Federal or State reservations where service programs are being carried out under this part will have an opportunity to participate in matters of general policy development and implementation affecting vocational rehabilitation service delivery on the reservation.

NOTE: In addition to providing services on the reservation, the Rehabilitation Act Amendments of 1998 allow applicants to determine whether they will also provide VR services to American Indians with disabilities living near the reservation. Applicants who decide to provide services to American Indians with disabilities living near the reservation will describe the geographic area in which the services will be provided. Opportunities for participation of American Indians with disabilities living on or near the

reservation can be provided by establishment of an advisory committee as described at 34 CFR § 369.45, or other approaches.

ASSURANCE STATEMENT: An assurance statement that the applicant will provide an opportunity for American Indians with disabilities living on or near the reservation, as described by the applicant, to participate in matters related to the development and implementation of general policies affecting the provision of VR services under this grant.

371.21(g): Cooperative working arrangements will be developed with the designated State unit, or designated State units, as appropriate, which are providing vocational rehabilitation services to other individuals with disabilities who reside in the State or States being served.

NOTE: The 1998 Amendments to the Rehabilitation Act strengthened the requirement for collaboration between tribal and State VR programs. Section 101(a)(11)(F) of the Act requires State VR agencies to enter into formal cooperative agreements with each recipient of a Vocational Rehabilitation Service Project for American Indians with Disability grant in the State. The agreement must describe strategies for collaboration and coordination in providing VR services to American Indians who are individuals with disabilities, including --

- strategies for interagency referral and information sharing that will assist in eligibility determinations and the development of the IPE;
- procedures for ensuring that American Indians who are individuals with disabilities and are living near a reservation or tribal service area are provided VR services; and
- provision for sharing resources in cooperative studies and assessments, joint training activities, and other collaborative activities designed to improve the provision of services to American Indians who are individuals with disabilities.

ASSURANCE STATEMENT: An assurance statement that the applicant has established or will establish a formal cooperative agreement, or agreements if appropriate, that include the required strategies for collaboration and coordination of service provision.

371.21(h): Any comparable services and benefits available to American Indians with disabilities under any other program which might meet in whole or in part the cost of any vocational rehabilitation service will be fully considered in the provision of vocational rehabilitation services in accordance with 34 CFR § 361.

NOTE: As defined in 34 CFR § 361, "comparable services and benefits" means services and benefits that are: 1) provided or paid for, in whole or in part, by other Federal, State, or local public agencies, by health insurance, or by employee benefits; 2) available to the individual at the time needed to achieve the goals of the individualized plan for employment; and 3) commensurate to the services the individual would otherwise receive from the vocational rehabilitation program.

ASSURANCE STATEMENT: An assurance statement that the applicant will assist individuals with disabilities to fully consider the appropriate use of all comparable services and benefits available through other sources.

371.21(i): Any American Indian with disabilities who is an applicant or recipient of services, and who is dissatisfied with a determination made by a counselor or coordinator under this program and files a request for a review, will be afforded a review under procedures developed by the grantee comparable to those under the provisions of section 102(c)(5)(A)-(I) of the Act.

NOTE: Applicants for grants must develop due process procedures by which an American Indian with a disability is provided an opportunity to have his/her grievance reviewed at levels above that at which the original decision was made. Applicants may model their due process procedures on those described in section 102(c)(5)(A)-(I) of the Act. Applicants may use tribal courts, impartial hearing officers from the list developed by the State VR agency, or other methods. (A copy of section 102(c)(5)(A)-(I) is enclosed.)

ASSURANCE STATEMENT: An assurance that due process procedures have been developed or will be developed, with an early time line for that development.

371.21(j): Minimum standards will be established for community rehabilitation programs and providers of services which will be comparable to the standards set by the designated State unit and designated State units in the State or States in which the program is to be provided.

NOTE: "Community rehabilitation programs" are defined in Section 7 of the Act. Applicants may choose to adopt State agency standards or they may modify State agency standards. At a minimum, community rehabilitation programs and other service providers should be accessible to individuals with disabilities. Other standards to consider include the qualifications of the personnel providing the requested service, the extent to which an individual's special communication needs can be met, and the existence of procedures to prevent fraud, waste and abuse.

ASSURANCE STATEMENT: A description of how the applicant will assure use of qualified service providers.

The non-Federal share of such costs may be in cash or in kind, fairly valued, and the Commissioner may waive such non-Federal share requirement in order to carry out the purposes of this Act.

(b)(1) No grant may be made under this part for any fiscal year unless an application therefor has been submitted to and approved by the Commissioner. The Commissioner may not approve an application unless the application—

(A) is made at such time, in such manner, and contains such information as the Commissioner may require;

(B) contains assurances that the rehabilitation services provided under this part to American Indians who are individuals with disabilities residing on or near a reservation in a State shall be, to the maximum extent feasible, comparable to rehabilitation services provided under this title to other individuals with disabilities residing in the State and that, where appropriate, may include services traditionally used by Indian tribes;

(C) contains assurances that the application was developed in consultation with the designated State unit of the State; and

(D) contains assurances that-

(i) all decisions affecting eligibility for vocational rehabilitation services, the nature and scope of available vocational rehabilitation services and the provision of such services will, consistent with this title, be made by a representative of the tribal vocational rehabilitation program funded through the grant; and

(2) The provisions of sections 5, 6, 7, and 102(a) of the Indian Self-Determination and Education Assistance Act shall be applicable to any application submitted under this part. For purposes of this paragraph, any reference in any such provision to the Secretary of Education or to the Secretary of the Interior shall be considered to be a reference to the Commissioner.

(3) Any application approved under this part shall be effective for not more than 60 months, except as determined otherwise by the Commissioner pursuant to prescribed regulations. The State shall continue to provide vocational rehabilitation services under its State plan to American Indians residing on or near a reservation whenever such State included any such American Indians in its State population under section 110(a)(1).

(4) In making grants under this part, the Secretary shall give priority consideration to applications for the continuation of programs which have been funded under this part.

(5) Nothing in this section may be construed to authorize a separate service delivery system for Indian residents of a State who reside in non-reservation areas.

(c)(1) From the funds appropriated and made available to carry out this part for any fiscal year, beginning with fiscal year 2015, the Commissioner shall first reserve not less than 1.8 percent and not more than 2 percent of the funds to provide training and technical assistance to governing bodies described in subsection (a) for such fiscal year.

(2) From the funds reserved under paragraph (1), the Commissioner shall make grants to, and enter into contracts or other cooperative agreements with, entities that have experience in the operation of vocational rehabilitation services programs under this section to provide such training and technical assistance with respect to developing, conducting, administering, and evaluating such programs.

(3) The Commissioner shall conduct a survey of the governing bodies regarding training and technical assistance needs in order to determine funding priorities for such grants, contracts, or cooperative agreements.

(4) To be eligible to receive a grant or enter into a contract or cooperative agreement under this section, such an entity shall submit an application to the Commissioner at such time, in such manner, and containing a proposal to provide such training and technical assistance, and containing such additional information as the Commissioner may require. The Commissioner shall provide for peer review of grant applications by panels that include persons who are not government employees and who have experience in the operation of vocational rehabilitation services programs under this section.

(d) The term “reservation” includes Indian reservations, public domain Indian allotments, former Indian reservations in Oklahoma, and land held by incorporated Native groups, regional corporations, and village corporations under the provisions of the Alaska Native Claims Settlement Act.

PLEASE NOTE:
American Indian Vocational Rehabilitation Services Program

The American Indian Vocational Rehabilitation Services (AIVRS) program (34 C.F.R. § 371) is authorized by Sections 110(c) and 121 of the act. Under this program, grants are awarded to governing bodies of Indian tribes located on federal and state reservations to provide vocational rehabilitation services for American Indians with disabilities residing on or near those reservations.

The 1998 Amendments changed the AIVRS Program in three significant ways: 1) the geographic area that can be served by these programs was expanded to include American Indians with disabilities who live near the reservation, in addition to providing services to those who live on the reservation; 2) the project period for which these programs can be approved was extended from three years to five years; 3) section 101(a)(11)(F) of the act requires state vocational rehabilitation services agencies to enter into formal cooperative agreements with AIVRS program grantees within the state that describe strategies for collaboration and coordination in providing vocational rehabilitation services to American Indians with disabilities.

The Workforce Investment Opportunities Act (WIOA) of 2014 changed the AIVRS program under Section 121 in two significant ways, (1) requires that high quality employment outcomes for individuals served through AIVRS be consistent with individuals strengths, resources, priorities, concerns, abilities, capabilities, interests, and informed choice; and (2) mandates and authorizes the Commissioner to reserve between 1.8 and 2 percent of funds for training and technical assistance.

In addition, please note the longstanding statutory provision in Section 121(b)(4) of the Act that directs the Secretary to give priority consideration to applications for the continuation of programs that have been funded previously under this program.

Subpart C--How Does One Apply for a Grant?

Sec. 371.20 What are the application procedures for this program?

In the development of an application, a governing body or consortium is required to consult with the designated State unit or the designated State units of the State or States in which vocational rehabilitation services are to be provided.

Sec. 371.21 What are the special application requirements related to the State plan program?

Each applicant under this program must provide evidence that--

(a) Effort will be made to provide a broad scope of vocational rehabilitation services in a manner and at a level of quality at least comparable to those services provided by the designated State unit under 34 CFR part 361.

(b) All decisions affecting eligibility for and the nature and scope of vocational rehabilitation services to be provided, and the provision of these services, will be made by the tribal vocational rehabilitation program through its vocational rehabilitation unit and will not be delegated to another agency or individual.

(c) Priority in the delivery of vocational rehabilitation service will be given to those American Indians with disabilities who are the most severely disabled.

(d) An order of selection of individuals with disabilities to be served under the program will be specified if services cannot be provided to all eligible American Indians with disabilities who apply.

(e) All vocational rehabilitation services will be provided according to an individualized written rehabilitation program which has been developed jointly by the representative of the service providing organization and each American Indian with disabilities being served.

(f) American Indians with disabilities living on Federal or State reservations where service programs are being carried out under this part will have an opportunity to participate in matters of general policy development and implementation affecting vocational rehabilitation service delivery on the reservation.

(g) Cooperative working arrangements will be developed with the designated State unit, or designated State units, as appropriate, which are providing vocational rehabilitation services to other individuals with disabilities who reside in the State or States being served.

(h) Any similar benefits available to American Indians with disabilities under any other program which might meet in whole or in part the cost of any vocational rehabilitation service will be fully considered in the provision of vocational rehabilitation services in accordance with 34 CFR part 361.

(i) Any American Indian with disabilities who is an applicant or recipient of services, and who is dissatisfied with a determination made by a counselor or coordinator under this program and files a request for a review, will be afforded a review under procedures developed by the grantee comparable to those under the provisions of section 102(d) (1)-(3) of the Act.

(j) Minimum standards will be established for community rehabilitation programs and providers of service which will be comparable to the standards set by the designated State unit or designated State units in the State or States in which the program is to be provided; and

(k) Maximum use will be made of public or other vocational or technical training facilities or other appropriate community resources.

Subpart D--How Does the Secretary Make a Grant?

Sec. 371.31 How are grants awarded?

To the extent that funds have been appropriated under this program, the Secretary approves all applications which meet acceptable standards of program quality. If any application is not approved because of deficiencies in proposed program standards, the Secretary provides technical assistance to the applicant Indian tribe with respect to any areas of the proposal which were judged to be deficient.

Subpart E--What Conditions Apply to a Grantee Under This Program?

Sec. 371.40 What are the matching requirements?

(a) Federal share. Except as provided in paragraph (c) of this section, the Federal share may not be more than 90 percent of the total cost of the project.

(b) Non-Federal share. The non-Federal share of the cost of the project may be in cash or in kind, fairly valued.

(c) Waiver of non-Federal share. In order to carry out the purposes of the program, the Secretary may waive the non-Federal share requirement, in part or in whole, only if the applicant demonstrates that it does not have sufficient resources to contribute the non-Federal share of the cost of the project.

Sec. 371.41 What are allowable costs?

(a) In addition to those allowable costs established in EDGAR Secs. 75.530-75.534, the following items are allowable costs under this program--

(1) Expenditures for the provision of vocational rehabilitation services and for the administration, including staff development, of a program of vocational rehabilitation services.

(2) Expenditures for services reflecting the cultural background of the American Indians being served, including treatment provided by native healing practitioners who are recognized as such by the tribal vocational rehabilitation program when the services are necessary to assist an individual with disabilities to achieve his or her vocational rehabilitation objective.

(b) Expenditures may not be made under this program to cover the costs of providing vocational rehabilitation services to individuals with disabilities not residing on Federal or State reservations.

Sec. 371.42 How are services to be administered under this program?

(a) Directly or by contract. A grantee under this part may provide the vocational rehabilitation services directly or it may contract or otherwise enter into an agreement with a designated State unit, a community rehabilitation program, or another agency to assist in the implementation of the vocational rehabilitation service program for American Indians with disabilities.

(b) Inter-tribal agreement. A grantee under this part may enter into an inter-tribal arrangement with governing bodies of other Indian tribes for carrying out a project that serves more than one Indian tribe.

(c) Comparable service program. To the maximum extent feasible, services provided by a grantee under this part must be comparable to rehabilitation service provided under this title to other individuals with disabilities residing in the State.

Sec. 371.43 What other special conditions apply to this program?

(a) Any American Indian with disabilities who is eligible for service under this program but who wishes to be provided service by the designated State unit must be referred to the State unit for such services.

(b) Preference in employment in connection with the provision of vocational rehabilitation services under this section must be given to American Indians, with a special priority being given to American Indians with disabilities.

(c) The provisions of sections 5, 6, 7, and 102(a) of the Indian Self-Determination and Education Assistance Act also apply under this program. These provisions relate to grant reporting and audit requirements, maintenance of records, access to records, availability of required reports and information to Indian people served or represented, repayment of unexpended Federal funds, criminal activities involving grants, penalties, wage and labor standards, preference requirements for American Indians in the conduct and administration of the grant, and requirements affecting requests of tribal organizations to enter into contracts. For purposes of applying these requirements to this program, the Secretary carries out those responsibilities assigned to the Secretary of Interior.

SECTION G

General Information on Completing an Application

GENERAL INFORMATION ON COMPLETING AN APPLICATION

1. The purpose and goal of the project is to provide vocational rehabilitation (VR) services, including culturally appropriate services, to American Indians with disabilities who reside on or near Federal or State reservations, consistent with such eligible individuals' strengths, resources, priorities, concerns, abilities, capabilities, interests, and informed choice, so that they may prepare for and engage in high quality employment that will increase opportunities for economic self-sufficiency.
2. Applicants must address the Special Application Requirements. In your application, include these assurances in a separate section titled "Special Application Requirements".
3. The American Indian Vocational Rehabilitation Services program must deliver a wide variety of VR services to meet the needs of consumers with disabilities.
4. Make it easy for the reviewers to rate your application appropriately. The application narrative (Part III of this application form) should be organized to follow the exact sequence of the components in the selection criteria used to evaluate applications. (Selection Criteria are located in Section C.)
 - Include a one-page single-spaced abstract.
 - Include a Table of Contents.
 - Number ALL pages – including the Appendices.
 - Remember to cross-reference the narrative sections of your application if you are including further information in the appendix.
 - Try to keep the narrative to 35 pages, double-spaced.
 - Do not bind or place in binders the applications.
5. Definitions/Information for preparing the Budget:

Equipment – Tangible, nonexpendable property having a useful life of more than one year and an acquisition cost of \$5,000 or more per unit. However, consistent with YOUR institutional policy, lower limits may be established.

Supplies – Direct materials and supplies that are consumable, expendable or of a relatively low unit cost.

Personnel – All project staff who is paid for by the grant or whose time is used to meet the match requirement.

Match – The match is computed on the total cost of the project (Federal's and Applicant's contribution). The easiest way to compute the correct local match is to divide the requested Federal funds by 9. Example: \$100,000 requested Federal funds for year 1 divided by 9 = \$11,111. This amount is the required match for the amount requested for year 1.

Other – This is the place for all direct costs that are not clearly covered by the direct line items in the budget. It is a catchall category that may include a wide variety of costs that do not appear to appropriate for any of the line items in the budget. For

instance, postage and copying, as well as all Client Services including training and maintenance, etc. listed in this category.

Staff training costs – are allowable expenses, in accordance with 34 CFR § 371.41.

6. Include a budget breakdown and narrative for each year funding is requested.
7. Key Personnel is defined as the Project Director, Principle Investigator and/or the Project Coordinator and Vocational Rehabilitation Counselors. Please provide a resume or a job description for all key personnel and other staff members.
8. If you are eligible for the 5 bonus points as a previously funded American Indian Vocational Rehabilitation Services program, provide the name of the Tribe or Consortia of Tribes and the dates of the last project period.

NOTIFICATION OF FUNDING

The time it takes to complete the evaluation of submitted applications varies from year to year. Once applications are received, staff must appropriately evaluate the applications, identify and contact potential reviewers, convene peer review panels, and summarize and review the recommendations of the review panels. The recommendations are then packaged for a departmental review. You may receive notification within 3 months of the application closing date, depending on the number of applications received.

MAKING SURE APPLICATION IS ASSIGNED TO THE CORRECT COMPETITION

Applicants should clearly indicate in Item 11 on the application (SF Form 424) the CFDA number of the program priority (e.g., 84.250L) representing the competition in which the application should be considered. If this information is not provided, your application may inadvertently be assigned and reviewed under a different competition other than under the AIVRS competition, as you intended.

Eligible Applicant for Submitting a Proposal FOR A SECTION 121 GRANT

Indian tribes located on federal or state reservations may submit applications for an American Indian Vocational Rehabilitation Services grant funded under Section 121 of the Rehabilitation Act of 1973, as amended, using one of the following options –

NOTE: Section 121 of the Rehabilitation Act of 1973, as amended (the Rehabilitation Act) provides that grants may only be provided to “the governing bodies of Indian tribes located on Federal and State reservations (and consortia of such governing bodies).” The governing bodies of the Indian tribes must have control over any separate legal entity they establish to apply for the grant. Therefore, a separate legal entity that applies on behalf of a consortium of tribes under the AIVRS program must be controlled by the tribes.

An application may be submitted for an American Indian Vocational Rehabilitation Services grant:

- 1) To provide vocational rehabilitation (VR) services to American Indians with disabilities living on or near the applicant’s reservation; or
- 2) To provide VR services to American Indians with disabilities living on or near the applicant’s own reservation and living on the reservations of other Indian Tribes under an Inter-Tribal arrangement as referenced in 34 C.F.R. § 371.42(b). The tribe applying under this option must include a written authorization from the governing bodies of each tribe in the inter-Tribal arrangement that allows VR services to be provided by the tribe receiving the Section 121 projects grant. Please see “Sample #1” below for a suitable written authorization.
- 3) To provide VR services to American Indians with disabilities as a consortium, which is defined in amended 34 C.F.R. § 371.4 and means, “two or more eligible governing bodies of Indian tribes that apply for an award under this program by either: (i) Designating one governing body to apply for the grant; or (ii) Establishing and designating a separate legal entity to apply for the grant. The tribes applying under this option must include written authorization from the governing bodies of all the tribes that are members of the consortium designating the applicant tribe or separate legal entity to apply on their behalf. Please see “Sample #2” below for a suitable written authorization.

Sample #1 Inter-Tribal Arrangement

As referenced in 34 C.F.R. § 371.42(b), an Indian tribe located on federal or state reservations applying for a Section 121 projects grant may enter into an Inter-Tribal arrangement with the governing bodies of other Indian tribes for the purpose of carrying out a project that serves more than one tribe. An Indian tribe submitting an application for a Section 121 projects grant to provide services to American Indians with disabilities living on its own reservation and on the

reservations of other Indian tribes must include a written authorization from the governing bodies of each tribe in the Inter-Tribal arrangement that allows VR services to be provided by the tribe receiving the Section 121 projects grant. The letter from one of the members of the Inter-Tribal may look something like this:

Dear (official name of the governing body of the Indian tribe submitting the application):

(An opening statement the writer deems appropriate.)

Pursuant to 34 C.F.R. § 371.42(b), the (official name of the governing body of the Indian tribe supporting the application) agrees to enter into an arrangement whereby the (tribe submitting the application) will carry out a vocational rehabilitation (VR) project authorized under Section 121 of the Rehabilitation Act of 1973, as amended. This arrangement authorizes the (tribe submitting the application) to submit an application for a grant pursuant to 34 C.F.R. § 371.42(b) to fund a VR project that will include the provision of VR services to American Indians with disabilities residing on the reservation of the (tribe supporting the application).

(A justification of the need for the project that the writer deems appropriate.)

(A closing statement the writer deems appropriate.)

Sincerely,

(Name of authorized official to sign the letter)

(Name of the tribe)

Sample #2 Consortium

{This statement from each of the tribes included in the consortium must be signed by an official authorized to sign such a statement and submit an application for funds under Section 121 of the Rehabilitation Act of 1973, as amended.}

A consortium of Indian tribes may submit a single application for a Section 121 projects grant. A consortium is defined in amended 34 C.F.R. § 371.4 as, “two or more eligible governing bodies of Indian tribes that apply for an award under this program by either: (i) Designating one governing body to apply for the grant; or (ii) Establishing and designating a separate legal entity to apply for the grant.” The single application from a consortium must include the following written authorization from each tribe that is included in the consortium (or something similar that has the same legal effect):

The (official name of the governing body of the tribe included in the consortium) submits this letter of commitment as a member of the consortium that is submitting an application for a Section 121 projects grant to administer an American Indian Vocational Rehabilitation Services (AIVRS) project. The (official name of the governing body of the tribe included in the consortium) designates the (official name of the tribe or separate legal entity actually submitting the application) to apply for the AIVRS project on behalf of the tribe. The AIVRS project to be

administered under this grant by the consortium will provide services to American Indians with disabilities who reside on the reservation of each of the tribes included in this consortium.

Project Abstract Requirements

Applicants are required to submit a **one page** project abstract with their application. The abstract must include the following information:

- 1) Name of Applicant (Tribe or Consortia of Tribes applying for award, not the individual submitting the application)
- 2) City and State where the Applicant is located
- 3) The Congressional District where the Applicant is located (number)
- 4) The name of the principle Project Director and the percentage of time the Director will manage the project.
- 5) Per the Adarand decision (Adarand Constructors, Inc. V. Peña 515 U.S. 200), the Department of Education does not allow the selection of staff or program participants on the basis of race or national origin/ethnicity. For this reason, applicants must ensure that any discussion of hiring or program participation distinguishes between increasing the pool of applicants and actually selecting staff or participants, based on race or national origin/ethnicity, for the program. The abstract should include a clear assurance that demonstrates the applicant understands that while outreach activities may attempt to increase the pool of qualified, eligible minority candidates, they will not admit or provide funding to applicants solely on the basis of race, ethnicity, or disability. RSA will disqualify and not consider for funding any applicant that indicates that it will hire or train a certain number or percentage of minority candidates.

Please put at the top of the Abstract the first three items listed above, which are the Tribe's name, the City and State of the Tribe, and the Congressional District the Tribe is located in.

Questions regarding the project abstract or any other components of the application should be directed to the Competition manager before the closing date.

COMMON QUESTIONS AND ANSWERS

Potential applicants frequently direct questions to officials of the Rehabilitation Services Administration (RSA) regarding application notices and programmatic and administrative regulations governing various direct grant programs. To assist potential applicants, RSA has assembled the following most commonly raised questions.

Q. CAN WE GET AN EXTENSION OF THE DEADLINE?

A. No. A closing date may be changed only under extraordinary circumstances. Any change must be announced in the Federal Register and apply to all applicants. Waivers for individual applications cannot be granted, regardless of the circumstances.

Q. HOW CAN I BE SURE THAT MY APPLICATION IS ASSIGNED TO THE CORRECT COMPETITION?

A. Applicants should clearly indicate in Block 11 of the face page of their application (Standard Form 424) the CFDA number and alpha suffix (e.g., 84.250) and the title of the program or priority in which the application should be considered. If this information is not provided, your application may inadvertently be assigned and reviewed under a different competition from the one you intended.

Q. WHAT HAPPENS TO MY APPLICATION AFTER IT IS RECEIVED IN THE DEPARTMENT?

A. The Department's Application Control Center receives each application, assigns each an identifying number (PR/Award number), confirms receipt of applications, and sends the applications to the appropriate program office, which screens them for eligibility. The program conducts a peer review of all eligible applications sent to a program competition, ranks them, and recommends the highest ranked applications for funding, with exceptions as provided by law. The responsible official for the applicable program reviews the program office's recommendations, checks the adequacy of the documentation supporting the recommendations, and approves a final list, or slate, of recommended projects and funding amounts.

Q. WHAT HAPPENS TO MY APPLICATION IF THE DEPARTMENT FINDS IT TO BE INELIGIBLE?

A. The Department returns an application that does not meet the eligibility criteria for the particular program. A letter from the Department explaining why it is not being reviewed in the competition accompanies the application.

Q. WHERE CAN I OBTAIN COPIES OF THE FEDERAL REGISTER, PROGRAM REGULATIONS, AND FEDERAL STATUTES?

A. The relevant Federal Register notice and federal statute and program regulations are included in this application package. In addition, free Internet access to the official edition of the Federal Register and the Code of Federal Regulations is available on GPO Access at: www.gpoaccess.gov/nara/index.html. The Rehabilitation Act of 1973, as amended, can be accessed at: <http://www.rsa.ed.gov/display.cfm?pageid=279>.

Q. HOW DOES THE DEPARTMENT REVIEW AN APPLICATION?

- A. Each application is assessed by knowledgeable individuals from outside and sometimes inside the Department who are asked for their judgments about the quality and significance of the proposed project. These reviewers use the selection criteria specified in the Notice Inviting Applications. These individuals represent a diversity of disciplines and institutional, regional, and cultural backgrounds. The advice of these experts is compiled by Departmental staff that comment on matters of fact or on significant issues that would otherwise be missing from the review. The results are then presented to the official responsible for the program who approves the recommendations for funding.

Q. WHAT CRITERIA DO THE REVIEWERS USE WHEN SCORING AN APPLICATION?

- A. Reviewers score each application using the selection criteria published in the Federal Register as part of the program regulations. The selection criteria for this competition can be found in this application package. Reviewers are instructed to use only the published criteria.

Q. HOW LONG SHOULD AN APPLICATION BE?

- A. The Department of Education is making a concerted effort to reduce the volume of paperwork associated with program applications. Consequently, the Secretary has limited the application to the following:

- (1) Application forms, budget, and other required forms;
- (2) A program narrative suggested not to exceed 35 double-spaced pages in 12-point font (see Notice Inviting Applications in Section B of this application package for more specific instructions); and
- (3) Necessary appendices.

Your application should provide enough information to allow the review panel to evaluate the significance of the project against the criteria of the competition. Although reviewers are not required to consider information contained in appendices in their review, it may be helpful to include in the appendices such information as:

- (1) Staff qualifications. These should be brief. They should include the person's title and role in the proposed project and contain only information relevant to the proposed project. Qualification of consultants and advisory council members should be provided and be similarly brief. Individual vita should not exceed 2 pages.
- (2) Summary of results of previous evaluations of program effectiveness.

Q. HOW SHOULD MY APPLICATION BE ORGANIZED?

- A. The application should be organized to follow the sequence of the components in the Forms Section of this application package. A table of contents and a one-page abstract summarizing the project should precede the program narrative. For the instructions addressing the program narrative, including explanations of each of the selection criteria,

see Part III of the Forms Section of this application package. The selection criteria should be addressed in the order in which they appear in the instructions for the application narrative.

Q. IS TRAVEL ALLOWED UNDER THESE PROJECTS?

A. Travel is an allowable cost. However, all requests for travel will be reviewed; the highest priority for travel will be given for travel directly related to the training or services being provided. As a general rule, travel is seldom approved for attending conferences, except for RSA sponsored conferences that project directors are requested to attend.

Q. IS THERE A REQUIRED MATCHING OF FUNDS BY THE APPLICANT?

A. Yes. Applicants are required to match \$1 for every \$9 provided by the Federal government under the AIVRS program grant. To calculate, divide the amount being requested by the number 9 and the result is the required amount of match.

Q. HOW DO I PROVIDE AN ASSURANCE?

A. Simply state in writing that you are meeting, and intend to continue to meet, a prescribed requirement.

Q. MAY AN APPLICANT OBTAIN COPIES OF SUCCESSFUL, FUNDED APPLICATIONS?

A. Yes. An applicant may request copies of successful, funded applications. However, budget information, vitae, and other personal information will not be included.

Q. IF MY APPLICATION IS SUCCESSFUL, WILL I RECEIVE THE FULL AMOUNT THAT I REQUESTED?

A. If staff determine, upon review of a successful application, that a cost in a particular budget category is not allowable, allocable, or reasonable, then staff may recommend a lower amount for the specific questioned cost than the applicant requested.

Q. IF MY APPLICATION IS SUCCESSFUL, CAN I ASSUME I WILL GET THE PROJECTED BUDGET AMOUNTS IN SUBSEQUENT YEARS?

A. Depending on the availability of funding, a successful applicant can expect at least the amount contained in the approved budget for each year of the project. By requesting detailed budget information in the initial application for the total project period, the need for formal non-competing continuation applications in the remaining project years is eliminated. An Annual Performance Report that is required will be used to assess compliance with program standards and to determine eligibility for continued funding.

Q. IS A RECOMMENDED APPLICATION GUARANTEED FUNDING?

A. No. Funding is not final until a grant award notification has been signed by the appropriate authorized representative of the U.S. Department of Education and mailed to the applicant.

Q. ONCE MY APPLICATION HAS BEEN REVIEWED BY THE REVIEW PANEL, CAN YOU TELL ME THE OUTCOME?

A. No. Every year we are called by a number of applicants who have legitimate reasons for needing to know the outcome of the review prior to official notification. Some applicants need to make job decisions, some need to notify a State or local rehabilitation program, etc. Regardless of the reason, because final funding decisions have not been made at that point, we cannot share information about the review with anyone.

Q. HOW LONG DOES IT TAKE THE DEPARTMENT TO COMPLETE THE REVIEW PROCESS?

A. Most review processes take from four to six months.

DEPARTMENT OF EDUCATION SUPPLEMENTAL INFORMATION FOR SF 424
(Attachment to Instructions for Supplemental Information for SF 424)

Definitions:

Novice Applicant (See 34 CFR 75.225). For discretionary grant programs under which the Secretary gives special consideration to novice applications, a novice applicant means any applicant for a grant from ED that—

- Has never received a grant or subgrant under the program from which it seeks funding;
- Has never been a member of a group application, submitted in accordance with 34 CFR 75.127-75.129, that received a grant under the program from which it seeks funding; and

For the purposes of this requirement, a grant is active until the end of the grant's project or funding period, including any extensions of those periods that extend the grantee's authority to obligate funds.

In the case of a group application submitted in accordance with 34 CFR 75.127-75.129, a group includes only parties that meet the requirements listed above.

PROTECTION OF HUMAN SUBJECTS IN RESEARCH

I. Definitions and Exemptions

A. Definitions.

A research activity involves human subjects if the activity is research, as defined in the Department's regulations, and the research activity will involve use of human subjects, as defined in the regulations.

—Research

The ED Regulations for the Protection of Human Subjects, Title 34, Code of Federal Regulations, Part 97, define research as “a systematic investigation, including research development, testing and evaluation, designed to develop or contribute to generalizable knowledge.” *If an activity follows a deliberate plan whose purpose is to develop or contribute to generalizable knowledge it is research.* Activities which meet this definition constitute research whether or not they are conducted or supported under a program that is considered research for other purposes. For example, some demonstration and service programs may include research activities.

—Human Subject

The regulations define human subject as “a living individual about whom an investigator (whether professional or student) conducting research obtains (1) data through intervention or interaction with the individual, or (2) identifiable private information.” *(1) If an activity involves obtaining information about a living person by manipulating that person or that person's environment, as might occur when a new instructional technique is tested, or by communicating or interacting with the individual, as occurs with surveys and interviews, the definition of human subject is met. (2) If an activity involves obtaining private information about a living person in such a way that the information can be linked to that individual (the identity of the subject is or may be readily determined by the investigator or associated with the information), the definition of human subject is met.* [Private information includes information about behavior that occurs in a context in which an individual can reasonably expect that no observation or recording is taking place, and information which has been provided for specific purposes by an individual and which the individual can reasonably expect will not be made public (for example, a school health record).]

B. Exemptions.

Research activities in which the **only** involvement of human subjects will be in one or more of the following six categories of **exemptions** are not covered by the regulations:

(1) Research conducted in established or commonly accepted educational settings, involving normal educational practices, such as (a) research on regular and special education instructional strategies, or (b) research on the effectiveness of or the comparison among instructional techniques, curricula, or classroom management methods.

(2) Research involving the use of educational tests (cognitive, diagnostic, aptitude, achievement), survey procedures, interview procedures or observation of public behavior, unless: (a) information obtained is recorded in such a manner that human subjects can be identified, directly or through identifiers linked to the subjects; and (b) any disclosure of the human subjects' responses outside the research could reasonably place the subjects at risk of criminal or civil liability or be damaging to the subjects' financial standing, employability, or reputation. ***If the subjects are children, exemption 2 applies only to research involving educational tests and observations of public behavior when the investigator(s) do not participate in the activities being observed.***

Exemption 2 does not apply if children are surveyed or interviewed or if the research involves observation of public behavior and the investigator(s) participate in the activities being observed. [Children are defined as persons who have not attained the legal age for consent to treatments or procedures involved in the research, under the applicable law or jurisdiction in which the research will be conducted.]

(3) Research involving the use of educational tests (cognitive, diagnostic, aptitude, achievement), survey procedures, interview procedures or observation of public behavior that is not exempt under section (2) above, if the human subjects are elected or appointed public officials or candidates for public office; or federal statute(s) require(s) without exception that the confidentiality of the personally identifiable information will be maintained throughout the research and thereafter.

(4) Research involving the collection or study of existing data, documents, records, pathological specimens, or diagnostic specimens, if these sources are publicly available or if the information is recorded by the investigator in a manner that subjects cannot be identified, directly or through identifiers linked to the subjects.

(5) Research and demonstration projects which are conducted by or subject to the approval of department or agency heads, and which are designed to study, evaluate, or otherwise examine: (a) public benefit or service programs; (b) procedures for obtaining benefits or services under those programs; (c) possible changes in or alternatives to those programs or procedures; or (d) possible changes in methods or levels of payment for benefits or services under those programs.

(6) Taste and food quality evaluation and consumer acceptance studies, (a) if wholesome foods without additives are consumed or (b) if a food is consumed that contains a food ingredient at or below the level and for a use found to be safe, or agricultural chemical or environmental contaminant at or below the level found to be safe, by the Food and Drug Administration or approved by the Environmental Protection Agency or the Food Safety and Inspection Service of the U.S. Department of Agriculture.

II. Instructions for Exempt and Nonexempt Human Subjects Research Narratives

If the applicant marked “Yes” for Item 3 of Department of Education Supplemental Information for SF 424, the applicant must provide a human subjects “exempt research” or “nonexempt research” narrative. Insert the narrative(s) in the space provided. If you have multiple projects and need to provide more than one narrative, be sure to label each set of responses as to the project they address.

A. Exempt Research Narrative.

If you marked “Yes” for item 3 a. and designated exemption number(s), provide the “exempt research” narrative. The narrative must contain sufficient information about the involvement of human subjects in the proposed research to

allow a determination by ED that the designated exemption(s) are appropriate. The narrative must be succinct.

B. Nonexempt Research Narrative.

If you marked “No” for item 3 a. you must provide the “nonexempt research” narrative. The narrative must address the following seven points. Although no specific page limitation applies to this section of the application, be succinct.

(1) Human Subjects Involvement and Characteristics:

Provide a detailed description of the proposed involvement of human subjects. Describe the characteristics of the subject population, including their anticipated number, age range, and health status. Identify the criteria for inclusion or exclusion of any subpopulation. Explain the rationale for the involvement of special classes of subjects, such as children, children with disabilities, adults with disabilities, persons with mental disabilities, pregnant women, prisoners, institutionalized individuals, or others who are likely to be vulnerable

(2) Sources of Materials: Identify the sources of research material obtained from individually identifiable living human subjects in the form of specimens, records, or data. Indicate whether the material or data will be obtained specifically for research purposes or whether use will be made of existing specimens, records, or data.

(3) Recruitment and Informed Consent: Describe plans for the recruitment of subjects and the consent procedures to be followed. Include the circumstances under which consent will be sought and obtained, who will seek it, the nature of the information to be provided to prospective subjects, and the method of documenting consent. State if the Institutional Review Board (IRB) has authorized a modification or waiver of the elements of consent or the requirement for documentation of consent.

(4) Potential Risks: Describe potential risks (physical, psychological, social, legal, or other) and assess their likelihood and seriousness. Where appropriate, describe alternative treatments and procedures that might be advantageous to the subjects.

(5) Protection Against Risk: Describe the procedures for protecting against or minimizing potential risks, including risks to confidentiality, and assess their likely effectiveness. Where appropriate, discuss provisions for ensuring necessary medical or professional intervention in the event of adverse effects to the subjects. Also, where appropriate, describe the provisions for monitoring the data collected to ensure the safety of the subjects.

(6) Importance of the Knowledge to be Gained: Discuss the importance of the knowledge gained or to be gained as a result of the proposed research. Discuss why the risks to subjects are reasonable in relation to the anticipated benefits to subjects and in relation to the importance of the knowledge that may reasonably be expected to result.

(7) **Collaborating Site(s):** If research involving human subjects will take place at collaborating site(s) or other performance site(s), name the sites and briefly describe their involvement or role in the research.

*Copies of the Department of Education's Regulations for the Protection of Human Subjects, 34 CFR Part 97 and other pertinent materials on the protection of human subjects in research are available from the U.S. Department of Education, Protection of Human Subjects Coordinator, Office of the Chief Financial Officer, LBJ Building, 400 Maryland Avenue, SW, Washington, D.C. 20202-4250, telephone: (202) 260-3353, and on the U.S. Department of Education's Protection of Human Subjects in Research Web Site:

Lines 1-11, column (f):Show the multi-year total for each budget category. If non-Federal contributions are provided for only one year, leave this column blank.

Line 12, columns (a)-(e):Show the total matching or other contribution for each project year.

Line 12, column (f):Show the total amount to be contributed for all years of the multi-year project. If non-Federal contributions are provided for only one year, leave this space blank.

Section C: Budget Narrative

[Attach separate sheet(s)] Pay attention to applicable program specific instructions, if attached.

1. Provide an itemized budget breakdown, and justification by project year, for each budget category listed in Sections A and B. For grant projects that will be divided into two or more separately budgeted major activities or sub-projects, show for each budget category of a project year the breakdown of the specific expenses attributable to each sub-project or activity.
2. For non-Federal funds or resources listed in Section B that are used to meet a cost-sharing or matching requirement or provided as a voluntary cost-sharing or matching commitment, you must include:
 - a. The specific costs or contributions by budget category;
 - b. The source of the costs or contributions; and
 - c. In the case of third-party in-kind contributions, a description of how the value was determined for the donated or contributed goods or services.

[Please review cost sharing and matching regulations found in 2 CFR 200.306.]

3. If applicable to this program, provide the rate and base on which fringe benefits are calculated.

4. If you are requesting reimbursement for indirect costs on line 10, this information is to be completed by your Business Office. Specify the estimated amount of the base to which the indirect cost rate is applied and the total indirect expense. Depending on the grant program to which you are applying and/or your approved Indirect Cost Rate Agreement, some direct cost budget categories in your grant application budget may not be included in the base and multiplied by your indirect cost rate. For example, you must multiply the indirect cost rates of "Training grants" (34 CFR 75.562) and grants under programs with "Supplement not Supplant" requirement ("Restricted Rate" programs) by a "modified total direct cost" (MTDC) base (34 CFR 75.563 or 76.563). Please indicate which costs are included and which costs are excluded from the base to which the indirect cost rate is applied.

When calculating indirect costs (line 10) for "Training grants" or grants under "Restricted Rate" programs, you must refer to the information and examples on ED's Web site at:

www.ed.gov/fund/grant/apply/appforms/appforms.html.

You may also contact 202-377-3838 for additional information regarding calculating indirect cost rates or general indirect cost rate information.

5. Provide other explanations or comments you deem necessary.

SECTION I
OTHER IMPORTANT INFORMATION

NOTICE TO ALL APPLICANTS

The purpose of this enclosure is to inform you about a new provision in the Department of Education's General Education Provisions Act (GEPA) that applies to applicants for new grant awards under Department programs. This provision is Section 427 of GEPA, enacted as part of the Improving America's Schools Act of 1994 (Public Law (P.L.) 103-382).

To Whom Does This Provision Apply?

Section 427 of GEPA affects applicants for new grant awards under this program. **ALL APPLICANTS FOR NEW AWARDS MUST INCLUDE INFORMATION IN THEIR APPLICATIONS TO ADDRESS THIS NEW PROVISION IN ORDER TO RECEIVE FUNDING UNDER THIS PROGRAM.**

(If this program is a State-formula grant program, a State needs to provide this description only for projects or activities that it carries out with funds reserved for State-level uses. In addition, local school districts or other eligible applicants that apply to the State for funding need to provide this description in their applications to the State for funding. The State would be responsible for ensuring that the school district or other local entity has submitted a sufficient section 427 statement as described below.)

What Does This Provision Require?

Section 427 requires each applicant for funds (other than an individual person) to include in its application a description of the steps the applicant proposes to take to ensure equitable access to, and participation in, its Federally-assisted program for students, teachers, and other program beneficiaries with special needs. This provision allows applicants discretion in developing the required description. The statute highlights six types of barriers that can impede equitable access or participation: gender, race, national origin, color, disability, or age. Based on local circumstances, you should determine whether these or other barriers may prevent your students, teachers, etc. from such access or participation in, the Federally-funded project or activity. The description in your application of steps to be taken to overcome these barriers need not be lengthy; you may provide a clear and succinct

description of how you plan to address those barriers that are applicable to your circumstances. In addition, the information may be provided in a single narrative, or, if appropriate, may be discussed in connection with related topics in the application.

Section 427 is not intended to duplicate the requirements of civil rights statutes, but rather to ensure that, in designing their projects, applicants for Federal funds address equity concerns that may affect the ability of certain potential beneficiaries to fully participate in the project and to achieve to high standards. Consistent with program requirements and its approved application, an applicant may use the Federal funds awarded to it to eliminate barriers it identifies.

What are Examples of How an Applicant Might Satisfy the Requirement of This Provision?

The following examples may help illustrate how an applicant may comply with Section 427.

- (1) An applicant that proposes to carry out an adult literacy project serving, among others, adults with limited English proficiency, might describe in its application how it intends to distribute a brochure about the proposed project to such potential participants in their native language.
- (2) An applicant that proposes to develop instructional materials for classroom use might describe how it will make the materials available on audio tape or in braille for students who are blind.
- (3) An applicant that proposes to carry out a model science program for secondary students and is concerned that girls may be less likely than boys to enroll in the course, might indicate how it intends to conduct "outreach" efforts to girls, to encourage their enrollment.

We recognize that many applicants may already be implementing effective steps to ensure equity of access and participation in their grant programs, and we appreciate your cooperation in responding to the requirements of this provision.

Estimated Burden Statement for GEPA Requirements

According to the Paperwork Reduction Act of 1995, no persons are required to respond to a collection of information unless such collection displays a valid OMB control number. Public reporting burden for this collection of information is estimated to average 1.5 hours per response, including time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. The obligation to respond to this collection is required to obtain or retain benefit (Public Law 103-382). Send comments regarding the burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden, to the U.S. Department of Education, 400 Maryland Ave., SW, Washington, DC 20210-4537 or email ICDocketMgr@ed.gov and reference the OMB Control Number 1894-0005.

Program Performance Measures

Under

The *Government Performance and Results Act (GPRA)*

What is *GPRA*

The *Government Performance and Results Act* of 1993 is a straightforward statute that requires all Federal agencies to manage their activities with attention to the consequences of those activities. Each agency is to clearly state what it intends to accomplish, identify the resources required, and periodically report its progress to the Congress. In doing so, it is expected that *GPRA* will contribute to improvements in accountability for the expenditures of public funds, improve Congressional decision-making through more objective information on the effectiveness of Federal programs, and promote a new government focus on results, service delivery, and customer satisfaction.

How has the United States Department of

Education responded to the *GPRA* Requirements?

As required by *GPRA*, the United States Department of Education (the Department) has prepared a strategic plan for 2002-2007. This plan reflects the Department's priorities and integrates them with its mission and program authorities and describes how the Department will work to improve education for all children and adults in the United States. The Department's goals, as listed in the plan, are:

Goal 1: Create a Culture of Achievement:
Create a culture of achievement throughout the nation's education system by effectively implementing the new law, the No Child Left Behind Act of 2001, and by basing all federal education programs on its principles: accountability, flexibility,

expanded parental options and doing what works.

Goal 2: Improve Student Achievement:
Improve student achievement for all groups of students by putting reading first, expanding high-quality mathematics and science teaching, reforming high schools, and boosting teacher and principal quality, thereby closing the achievement gap.

Goal 3: Develop Safe Schools and Strong Character: Establish disciplined and drug-free education environments that foster the development of good character and citizenship.

Goal 4: Transform Education into an Evidence-based Field: Strengthen the quality of education research.

Goal 5: Enhance the Quality of and Access to Postsecondary and Adult Education: Increase opportunities for students and the effectiveness of institutions.

Goal 6: Establish Management Excellence: Create a culture of accountability throughout the Department of Education

D-U-N-S Number Instructions

D-U-N-S No.: Please provide the applicant's D-U-N-S Number. You can obtain your D-U-N-S Number at no charge by calling 1-800-333-0505 or by completing a D-U-N-S Number Request Form. The form can be obtained via the Internet at the following URL:

<http://fedgov.dnb.com/webform/displayHomePage.do>

The D-U-N-S Number is a unique nine-digit number that does not convey any information about the recipient. A built in check digit helps assure the accuracy of the D-U-N-S Number. The ninth digit of each number is the check digit, which is mathematically related to the other digits. It lets computer systems determine if a D-U-N-S Number has been entered correctly.

Dun & Bradstreet, a global information services provider, has assigned D-U-N-S numbers to over 43 million companies worldwide.
